SLOW DOWN!

*"Be still and know
that I am God."*

Psalms 46:10

Speed is a problem today, and I don't mean the drug. Another form of speed is injuring far too many people. It has to do with our pace. Part of the problem is that many of us have not made the effort to find out how God wants us to use our time. We need to put God in our timetable and seek divine guidance each day as we make choices about our time. Speed causes us to do foolish things.

Speed should not cause us to ignore personal quiet time in our daily schedule. A twenty-minute period is worth its weight in gold when it is used for prayer and Bible-reading. Speed should not blind us to the number of demands that we take on each day. We can do a few things, but we can't do everything.

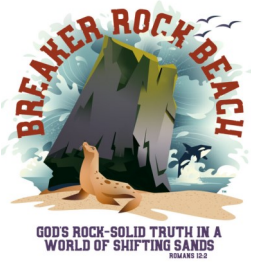

Speed should never be a substitute for common sense. God will give us insight and wisdom when we really try to slow down and listen. There is a certain vanity in trying to do too much, too fast, too soon. There may be some "look-at-me-how-busy-I-am" syndrome that ought to be handed over to the owner of all time. Slow down; the race will be over soon enough. Enjoy the ride.

VBS 2024

got off to a great start! We have over 100 kids participating, as well as 59 faithful Bible teachers, Missions, Crafts and Snack leaders and plenty of youth and adult workers helping to facilitate all the fun things we did this week!

Pray with us that the principles that were taught during these 4 days will make lasting impressions on our children and help to create special memories of Vacation Bible School 2024!

**Thank you for your support of our
FBC Children's Ministry!**
